fly with better data.*

EIT Avionics, LLC

A Subsidiary of EIT, LLC

309 Kelly's Ford Plaza SE

Leesburg, VA 20175

703.344.7410

www.eitavionics.com

January 22, 2020 Leesburg, Virginia

Approved for release:

EIT Avionics LLC will be at HAI HELI-EXPO 2020 in Anaheim, CA.

Stop by BOOTH #116 and see our new STC and PMA approved products for the Robinson R44!

The EIT Avionics FODR® is a high performance data recorder capturing 21 channels 5 x per second. Uniquely, FODR® interfaces with ESAID, a display and annunciation device, to enhance IN FLIGHT situational awareness of critical parameters.

ESAID® calculates density altitude, power, hover and airspeed performance limitations twice per second, giving the pilot unprecedented situational awareness. FODR® and ESAID® are FAA STC approved on the Robinson R 44 II helicopter.

Install the FODR System and improve the way you fly with better data.

About EIT Avionics:

EIT Avionics LLC brings the technology and product development background of EIT LLC to avionics, creating products that provide Aviation Safety and Efficiency through Technology.

EIT LLC is a technology based company that has provided full service Electronic Manufacturing, Engineering and Product Development Services to aerospace, medical, instrumentation, telecommunications and defense related customers for almost 40 years.
