Approved for release:

EIT Avionics LLC will be at the Aircraft Electronics Association Trade Show in Dallas, TX. **Stop by BOOTH #813** and see our new Flight Operations Data Recorder (FODR) which is STC and PMA approved for the Robinson R44! Learn how our HFDM solutions and analysis software can save you time and money. Enjoy **10% off list prices** for all purchases made during the show!

The EIT Avionics FODR® is our HFDM data recorder solution capturing 21 channels 5 x per second. Uniquely, FODR® interfaces with ESAID, a display and annunciation device, to enhance IN FLIGHT situational awareness of critical parameters, and includes FODR View user software.

ESAID® calculates density altitude, power, hover and airspeed performance limitations twice per second, giving the pilot unprecedented situational awareness. FODR® and ESAID® are FAA STC approved on the Robinson R 44 II helicopter.
